### Social Media

### About Me

I am Kishan Shingala. I am founder and CEO of Aarvi Technology.

If I have to share about my life, I born in small village in Amreli district and since childhood living in Surat. In my family we are 6 peoples including my parent, wife and 2 kids. I did my schooling in Surat and completed my MCA in 2006 from VNSGU. Then I started my career as software developer and work in US based company till 2015. In 2015 I started my own company Aarvi Technology.

I am on mission to improve effectiveness of all IT businesses by providing them tool which help them to manage routine operation and allow them to take data driven decisions.

I like to read book specially related with our history. I also like to play cricket and watching movies. I also like to talk about relationship. I am also early bird club member and daily wake up at 5am.

I am always ready to meet new peoples and open minded if any one need any kind of help.

### About Company

I started my company Aarvi Technology in 2015 and we are a team of effective 16 persons who work to make other companies more effective by providing our solution Semsto.

Semsto helps you to manage operation related with Goals, Finance, Sales, Recruitments, Assets, Documents, HR Management and Project management.

We are on mission to improve effectiveness of all IT businesses by providing them tool which help them to manage routine operation and allow them to take data driven decisions.

We are also providing customize solutions which are budget friendly, scalable and help you to grow your business and will satisfy all your business needs.

We served in Real Estate, Health Care, Religious Organization, Financial Institute, Lawyers, Diamond Industries, Jewellery Industries, Manufacturer, Auto Mobile, Tourism and Textile Industries. We developed from very small application to large scale ERP Applications. We have more than 50 happy customers.

## Testimonial & Resource

### Testimonial

I found semsto system very useful and it cover all modules that are required to run any IT Companies and additional may other additional option which will definitely improve my productivity and I am eager to explore all modules of this.

- Mr. Hemang Bokadiya ( Webvolty IT Solution )

Semsto is a really helpful tool for me to collaborate on our Projects, Tasks, Employees, Leads, and especially Finance. And I also like all types of reports to analyze weekly/monthly activities, I recommend this useful tool to all IT and Non-IT companies to make your day-to-day process easy & automated. And very thanks to the Aarvi team for customizing the product as per our needs & immediate support.

- Mr. Chirag Kheni ( WRP Solutions )

The Aarvi Technology team always does a great job for converting our requirement into Solution. The reports were easy to understand & the data was compiled in ways which helped us identify areas to concentrate on for improvement. This has become a valuable tool for determining how we can better satisfy our customers. We are glad to have work with this company and make sure will work with.

- Mr. Jenish Kathiriya (Laxmi Blocks)

Their clear understanding of client requirements and delivering results when it matters make them the best.

- Mr. Ashfaq Calcuttawala (Mountain Monk Consulting)

## ➤ Help & Support

We are always available for you whenever you need and you can reach us by generating ticket in this section

1. Ask for Support/Help
  - Go to Ask for Help? Section.

The screenshot displays a 'HELP/SUPPORT' interface with a dark background. At the top, the title 'HELP/SUPPORT' is centered in large white letters. Below the title, there is a search bar with the placeholder text 'Search..'. To the right of the search bar is a dropdown menu currently set to 'All Pending'. Further right are two date input fields, both with the placeholder 'dd-mm-yyyy', separated by a 'To' label, and a 'Clear' button. Below these elements are three blue buttons: 'SEARCH', 'SHOW ALL', and 'ASK FOR HELP?'. Underneath the buttons, it says 'Total: 2'. Two support tickets are listed below. Each ticket card contains the following information: a ticket number and title, a 'VIEW DETAILS' link, the user's name (Rahul Radadiya), a phone number (2614616881), an email address (sales@aarvitechnology.com), and a table with columns for 'Request Date', 'Last Response Date', 'Status', and 'Priority'. Both tickets show a 'Pending' status and 'Low' priority.

Ticket # 7	
# 7 want to understand the full functionality of how to create my business card.	
<a href="#">VIEW DETAILS</a>	
Rahul Radadiya	
2614616881	
sales@aarvitechnology.com	
<b>Request Date</b>	<b>Last Response Date</b>
12-01-2023 18:07:19	
<b>Status</b>	<b>Priority</b>
Pending	Low

Ticket # 6	
# 6 want to purchase a corporate plan with 10 additional users please guide me on how to do it.	
<a href="#">VIEW DETAILS</a>	
Rahul Radadiya	
2614616881	
sales@aarvitechnology.com	
<b>Request Date</b>	<b>Last Response Date</b>
